

UKRSTROYKOMPLEKT LLC

**UKRAINIAN CONSTRUCTION
COMPANY**

Ensuring a full range of construction and installation works, repair and reconstruction of buildings and structures, new construction, general contracting

UKRSTROYKOMPLEKT LLC **CONSTRUCTION COMPANY**

Operating since 1994.

We perform a full range of repairs and reconstruction of commercial and industrial facilities, general contracting and new construction.

The result of the work is more than 200 implemented projects of various sizes in Ukraine.

AREAS OF SERVICE SERVICES

INDUSTRIAL FACILITIES

COMMERCIAL OBJECTS

CIVIL FACILITIES

OBJECTS OF
INFRASTRUCTURE

We organize a full cycle of
construction services:

- ✓ object inspection
- ✓ designing with the development of technical solutions that are optimal in terms of quality and cost
- ✓ development of estimate documentation
- ✓ execution of construction work
- ✓ supply of materials and equipment, commissioning of the facility
- ✓ warranty service

BENEFITS OF COOPERATION

WIDE RANGE OF SERVICES

Modern materials, technical base and a team of specialists allow us to execute more than 80% of the work with own resources as a general contractor; if necessary, we hire subcontractors.

AVAILABILITY OF DOCUMENTS

We have all the necessary permits to carry out construction, reconstruction and major repairs of facilities, including dangerous and technically complex ones.

LONG WARRANTY PERIODS

In our work we use building materials supplied by leading manufacturers, which allows us to establish long (up to 10 years) warranty periods for the work performed.

SERVICES WE PROVIDE

01

GENERAL CONTRACT

A full range of services from zero-cycle works to fine finishing of premises

02

SPECIALIZED WORKS

Repair, protection, and strengthening of load-bearing concrete structure

03

RECONSTRUCTION AND REPAIR

Repair, reconstruction, modernization, restoration

04

DESIGN PROJECT

Project of repair, reconstruction, new construction

05

CONSTRUCTION AND FINISHING WORKS

Earthworks, dismantling, painting and other works

06

SUPPLY OF EQUIPMENT AND MATERIALS

Supply of equipment for institutions; Supply of building materials

Solid work experience in construction

29 YEARS ON THE MARKET

29

Repair, construction, restoration of objects in Ukraine

MORE THAN 200 OBJECTS

200

We perform all types of construction work, from dismantling to repair and restoration of concrete

MORE THAN 100 TYPES OF CONSTRUCTION WORK

100

150

MORE THAN 150 TYPES OF COMPLEX CONSTRUCTION EQUIPMENT

Renting and searching for the necessary equipment does not delay the terms of the contract

50

MORE THAN 50 EMPLOYEES IN THE STATE

Specialists in construction specialties of a wide and narrow profile

10

UP TO 10-YEAR WARRANTY

Some types of work are guaranteed for 10 years

Our approach includes:

We develop estimate documentation in the format required by the customer, optimize design solutions if necessary, develop and agree on a work schedule and financing schedule, organize a construction site, select subcontractors and organize the work of subcontractors, carry out work in accordance with current construction quality standards and security

- zero cycle work
 - all types of finishing works
 - roofing and facade works
 - specialized work
 - concrete work
 - brickwork
 - ventilation and air conditioning
 - electrical networks
 - water supply and sewerage
- and other general construction works

GENERAL CONTRACT

- ✓ roofing work
- ✓ external facade works, glazing
- ✓ concrete work of any complexity
- ✓ internal work of all types
- ✓ external and internal communications
- ✓ specialized work
- ✓ capital construction
- ✓ supply of equipment for institutions

RECONSTRUCTION BUILDINGS AND CONSTRUCTIONS

- ✓ Object inspection
- ✓ Development of a reconstruction/repair project
- ✓ Works with a subsequent guarantee from 5 to 10 years:
 - roofing work
 - facade works
 - general construction works
 - interior decoration
 - installation of glazing structures
 - industrial flooring systems
 - repair and restoration of concrete structures

REPAIR AND DECORATION OF PREMISES:

- ✓
 - dismantling work
 - screed
 - polymer floors, “topping”
 - installation of ceiling systems
 - installation of tiles and other floor coverings
 - brickwork
 - installation of plasterboard structures (partitions, false walls, boxes)
 - plaster (machine and manual)
 - putty
 - painting (machine and manual)

- Comprehensive (full) examination
- Examination of individual structures
- Determination of the strength of building structures
- Perform load-bearing capacity calculations
- Perform thermal calculations
- Measurement work (measurements of buildings and structures)

TECHNICAL INSPECTION OF BUILDINGS AND CONSTRUCTIONS

- We determine the actual state of structures of residential, public and industrial buildings and structures
- We assess the condition of the object subject to reconstruction, redevelopment, addition, change in functional purpose, suitability for further operation
- We provide services throughout Ukraine
- We work strictly based on current standards and regulations

DESIGN

BUILDINGS AND CONSTRUCTIONS

✓ MAJOR RENOVATION

✓ RECONSTRUCTIONS

✓ NEW CONSTRUCTION

✓ REPAIR/RESTORATION/
STRENGTHENING OF
INDIVIDUAL ELEMENTS
OF A BUILDING AND
CONSTRUCTION

We carry out design work at all stages of construction:

- ✓
 - Preliminary design
 - Working draft
 - Working documentation and main sections

SPECIALIZED WORKS

We are the official representative of the international concern “Sika”, we supply materials in Ukraine:

- systems of composite materials for strengthening steel, concrete, brick and wood structures;
- special solutions for repairing reinforced concrete structures;
- injection materials;
- elastic fastening systems for railway, tram and crane rails;
- materials for repair and protection of bridge structures;
- materials for repair and protection of water barriers, treatment facilities and other engineering structures;
- materials for repair and protection of chimneys and cooling towers;
- additives for concrete and mortars (including those based on microsilica);
- materials for surface protection of concrete;
- tapes and elastic putties for sealing and repairing interpanel and expansion joints;
- adhesives and sealants used in industry;
- anti-corrosion coatings to protect steel and galvanized surfaces, industrial flooring systems....

01 Repair, strengthening, restoration of the load-bearing capacity of reinforced concrete structures

- repair and strengthening of reinforced concrete floor slabs
- repair and strengthening of load-bearing reinforced concrete buildings and structures
- repair of wall panels of industrial buildings;
- repair and strengthening of brickwork of structures;
- strengthening of openings in reinforced concrete structures;
- anti-corrosion protection of fittings

02 Waterproofing of premises, buildings and structures for various purposes

03 Roofing systems of any type and complexity

04 Industrial flooring systems of all types

05 Anti-corrosion protection of metal structures and construction

06 Protection of reinforced concrete structures in aggressive

GENERAL CONTRACTOR

AMONG OUR OBJECTS

Hetman Petro Sahaidachnyi National Ground Forces Academy - Lviv region - 2023 - Reconstruction of the Lyceum

Yuzhnoye State Design Office, Dnipro - 2018-2019:
Reconstruction of building 55A
Reconstruction of building 218

Group of companies «AIS», Kremenchuk – 2013
Repair of car dealership premises, repair work to improve the surrounding area.

TC «Kurchatovsky», Dnipro – 2007-2009 – Capital construction of a retail and office building 3654.7 m²

RECONSTRUCTION, REPAIR OF BUILDINGS, GENERAL CONSTRUCTION

AMONG OUR OBJECTS

Department for the Protection of Cultural Heritage of the Dnipro City Council, Dnipro, st. Chelyuskina, 3 – 2021 - Restoration repair of window and door filling of a building

Department for the Protection of Cultural Heritage of the Dnipro City Council, Dnipro, st. Sich Riflemen, 1 - 2021 - Restoration repair of the attics of the main facade of the building

APG «Dneprovskaya», Zapadnoye, Nikopol district, Dnepropetrovsk region - 2021 - Production and supply of metal structures for the construction of temporary storage bins for mixed feed

National center of aerospace education of youth im. Makarova
Dnipro - 2021 - Building roof repair

«KVSZ Kremenchuk» - 2021 - Production and installation of metal structures for freight car washing chambers

LLC «Orpheus, Dnipro, st. Shevchenko, 49 - 2020-2021 - Repair and restoration of the building façade

OSMD «Sobornoe», Dnipro, pl. Sobornaya, 7b - 2020 - Renovation of premises and entrance group

RECONSTRUCTION, REPAIR OF BUILDINGS, GENERAL CONSTRUCTION

AMONG OUR OBJECTS

LLC «Indian Solar Engineering» Melitopol, st. Dmitry Dontsova, 15 - 2020 - Production and installation of metal structures for photovoltaic modules (facade and roofing systems) for an industrial building

Corporation «Biosphere», Dnipro, st. Avtoparkovaya, 1 - 2019 - Repair of garage boxes

NCAOM im. Makarova, Dnipro - 2019 - Repair of building structural elements

Yuzhnoye State Design Office, Dnipro 2013-2019:

- Repair of reinforced concrete structures, insulation of external walls, repair of buildings 105;
- Construction of a foundation for a rotary drawing machine as part of the reconstruction of production building 151
- Waterproofing, repair and restoration of reinforced concrete structures, polymer self-leveling floors, turnkey repair and finishing of premises, installation of utility networks - reconstruction of the basement of building 55A;
- Repair and insulation of the roof, insulation of walls, repair and strengthening of enclosing structures, major repairs of the workshop premises, installation of equipment foundations, repair of administrative and administrative buildings - reconstruction of building 218

RECONSTRUCTION, REPAIR OF BUILDINGS, GENERAL CONSTRUCTION

AMONG OUR OBJECTS

- Repair of the premises of the rocket engine testing site (restoration and repair of reinforced concrete structures, protection of structures in aggressive environments) of building 68 GP;
- Roof repair, basement waterproofing (waterproofing, repair and restoration of reinforced concrete structures) of building 15a
- Reinforcement of reinforced concrete slabs and beams, roof repair, room renovation, blind area and waterproofing of the basement of building 14;
- Repair and restoration of reinforced concrete structures, roof repair, repair of buildings 137;
- Major repairs of the roof of building 55;
- Repair and restoration of reinforced concrete structures, repair of buildings 66v;
- Major roof repairs, repairs of building 201 premises;
- Repair and restoration of the transition gallery between buildings 14 and 88.
- Repair, interior decoration of buildings 66, 66a, 74.

Dnepropetrovsk Charitable Foundation “Hesed Menachem”,
Dnipro - 2015 - Residential renovation

Residential complex «Duet», Dnipro - 2014-2015 - Repair of premises, insulation of external walls

RECONSTRUCTION, REPAIR OF BUILDINGS, GENERAL CONSTRUCTION AMONG OUR OBJECTS

Group of companies «AIS» Zaporozhye, Kherson, Kremenchuk
2012-2013:

- Repair and reconstruction of car showroom premises (Zaporozhye);
- Work on installing the roof of the car dealership building (Kherson);
- Repair of car dealership premises and renovation work to improve the surrounding area.
- Repair of the roof of the main building of the car dealership (Kremenchuk).

Office building, Dnipro, st. Zavodskaya embankment, 9 - 2013 -
Interior finishing works of the building

PJSC «Mariupol Metallurgical Plant named after. Ilyich», Mariupol
2004-2013:

- Work was completed to strengthen and repair the oil basement of the Central Processing Plant; Work was completed to strengthen the reinforced concrete structures of the buildings of the sub-scrubber departments of the sinter plant;
- Work was completed to strengthen the reinforced concrete crane beams of the building of the smoke exhausters of the boiler house PVS-2 at CHPP-1;
- Work has been carried out to strengthen and protect the load-bearing reinforced concrete structures of the CHP roof.

RECONSTRUCTION, REPAIR OF BUILDINGS, GENERAL CONSTRUCTION

AMONG OUR OBJECTS

Towers of the building of the Roman Catholic Church of St. Joseph, Dnipro, D. Yavornitsky Ave., 91 - 2012 - Restoration of the facades of the towers of the building of the Roman Catholic Church of St. Joseph.

Residential building with commercial space, Dnipro, A. Polya Ave., 11 - 2012 - Restoration of the front facade of the building.

«Southern Mining and Processing Plant», Krivoy Rog - 2011-2012 - Crushed ore bunker. Major repairs of load-bearing reinforced concrete and m/structures of the transfer unit of 1t/2t conveyors of workshop No. 1;

«Northern Mining and Processing Plant», Krivoy Rog 2011-2012 - Overhaul of the warm passage gallery.

PJSC «Zaporozhye Iron Ore Plant», Zaporozhye region, Vasilyevsky district, Malaya Belozerka - 2010-2012:

- Repair of coating slabs of the integrated conveyor transport tunnel;
- Boiler room flue repair;
- Repair of the northern chimney of the boiler room;
- Water tower roof repair

RECONSTRUCTION, REPAIR OF BUILDINGS, GENERAL CONSTRUCTION

AMONG OUR OBJECTS

PJSC MK «Azovstal», Mariupol - 2005-2012:

- Repair of m/c crane rails overhead crane;
- Repair of coal loaders No. 1, No. 2;
- Repair of reinforced concrete structures of the power unit, repair of the steam removal system, installation of steam removal pipes;
- Repair of reinforced concrete structures, waterproofing of lime kiln shop;
- Repair of reinforced concrete structures of the mold yard, mixer No. 1, No. 2, MP-10, reconstruction of the main building of the open-hearth shop;
- Repair of reinforced concrete structures of the chimney h=250 m of the thermal power plant.

Biosphere Corporation, Dnipro, st. Avtoparkovaya, 1 - 2010 - Repair of premises in Central Military District.

«Pavlogradkhimmash», Pavlograd - 2010 - Repair of equipment foundations.

Residential building with retail space, Dnipro, D. Yavornitsky Ave., 32 until - 2010 - Repair of the building facade.

Buildings «Puzata Khata» and «ATB» Dnipro, Vokzalnaya square - until 2010 - Repair of the building facade.

RECONSTRUCTION, REPAIR OF BUILDINGS, GENERAL CONSTRUCTION AMONG OUR OBJECTS

Repair of the premises of the rocket engine testing site Residential building, Dnipro, st. S. Efremova, 13 - until 2010 Repair of the building facade.

Office building, Dnipro, st. Chelyuskina, 12 - until 2010 - Repair of the building facade.

Residential building with commercial space, Dnipro, st. Sichovykh Streltsy, 3 - until 2010 - Repair of the building facade.

Hotel «Astoria Lux», Dnipro, D. Yavornitsky Ave., 66a - until 2010 - Repair of the building facade.

TS station Zaporozhye - until 2010 - Repair of the building facade.

Furniture store, Dnipro, st. Sichovykh Streltsy, 8 - until 2010 - Repair of the building facade.

Residential building, Dnipro, st. Vladimir Vinnichenko, 4 - until 2010 - Repair of the building facade.

Financial and construction center «SOZIDATEL», Dnipro, D. Yavornitsky Ave., 89 - until 2010 - Repair of the building facade

RECONSTRUCTION, REPAIR OF BUILDINGS, GENERAL CONSTRUCTION

AMONG OUR OBJECTS

Shop «COUTURE», Dnipro, D. Yavornitsky Ave., 64 - until 2010 -
Repair of the building facade.

«Dnepr Arena», Dnipro - until 2010 - Complete restoration of the
entrance area of the stadium.

Central railway station of Dnipro - until 2010 - Restoration and
renovation of the daily cash desk hall.

«Elite Center» (Rainford), Dnipro, st. A. Fabra, 7 - until 2010 -
Restoration of the building façade

Office building Dnipro, st. Sholom Aleichem St. 5 - until 2010 -
Restoration of the building facade.

Hospital named after Mechnikov, Dnipro, pl. Sobornaya, 1 - 2009-
2010 - Restoration of the facade of the therapeutic building,
Repair of premises

Office building Dnipro, st. Sichovykh Streltsy, 9 - until 2010 -
Restoration of the building facade.

Restaurant «Reporter», Dnipro, st. Barrikadnaya, 2 - until 2010 -
Restoration of the building facade.

RECONSTRUCTION, REPAIR OF BUILDINGS, GENERAL CONSTRUCTION

AMONG OUR OBJECTS

«**BrokBusinessBank**», Dnipro, st. Troitskaya, 2 - until 2010 - Restoration of the building façade

Residential building with commercial space, Dnipro, D. Yavornitsky Ave., 98 - until 2010 - Restoration of the building façade

Residential building in Zaporozhye, st. Gastello-Nemirovich-Danchenko - until 2010 - Repair and strengthening of reinforced concrete floor slabs of a residential building.

«**Zaporizhstal**» Zaporozhye - until 2010 - Repair and strengthening of reinforced concrete beams of thermal power plant floors.

- Boiler house Melitopol, st. Pokrovskaya, 61/1 - until 2010
Reinforcement of reinforced concrete structures and reconstruction of the roof.
- Bridge, overpass No. 23, 24, Mariupol (Kalchik river) - until 2010 -
Repair of reinforced concrete structures

Kyivstar office, Dnipro, Gagarin Ave., 103a - until 2010 - Interior decoration

Privatbank offices, Dnipro, st. Victory Embankment, 30 - until 2010 - Interior decoration

The complex of buildings in Dnipro, st. S. Efremova, 13 - until 2010 - Repair of building facade and renovation of premises

SPECIALIZED WORK AMONG OUR OBJECTS

AOAB HC «Sobornoe», Dnipro, pl. Sobornaya, 7b - 2021 - Anti-corrosion treatment and painting of building metal structures

Corporation «Biosphere», Dnipro, st. Shevchenko, 49 - 2021 - Repair of concrete floor structures, laying large-format tiles in the store premises

Church of the Cathedral of St. John the Baptist, Dnipro, st. Sicheslavskaya embankment, 27d - 2021 - Waterproofing of the underground part of the building

Corporation «Biosphere», Dnipro, st. Avtoparkovaya, 1 - 2020-2021 - Repair of industrial floors of various industrial premises

Yuzhnoye State Design Office, Dnipro - 2013-2019:

- Repair of reinforced concrete structures, insulation of external walls, repair of buildings 105
- Construction of a foundation for a rotary drawing machine as part of the reconstruction of production building 151
- Waterproofing, repair and restoration of reinforced concrete structures, polymer self-leveling floors, turnkey repair and finishing of premises, installation of utility networks - reconstruction of the basement of building 55A;
- Repair and insulation of the roof, insulation of the walls, repair and strengthening of the enclosing structures, major repair of the workshop premises, arrangement of equipment foundations, repair of the premises and reconstruction of building 218

SPECIALIZED WORK

AMONG OUR OBJECTS

AOAB HC «Sobornoe», Dnipro, pl. Sobornaya, 7b - 2019 - Repair and restoration of reinforced concrete structures of a residential building

Residential building with retail premises, Dnipro, D. Yavornitsky Ave. 53A - 2017 - Repair of building balconies (restoration of reinforced concrete structures).

Residential building, Dnipro, st. Mandrykovskaya, 127 - 2014 - Major repairs of a multi-story residential building (strengthening damaged external wall panels and injecting cracks).

Office building with data center, Dnipro - 2014 - Work on constructing openings and strengthening the monolithic reinforced concrete floor at the site.

PJSC Interpipe NTZ, Dnipro - 2013-2014 - Major repairs and strengthening of coating slabs of the industrial building TsNGS mill "140"

SPECIALIZED WORK

AMONG OUR OBJECTS

PJSC MK «Azovstal», Mariupol - 2005-2012:

- Repair of m/c crane rails of the overhead crane;
- Repair of UPC equipment;
- Repair of coal loaders No. 1, No. 2;
- Repair of reinforced concrete structures of the power unit, repair of the steam removal system of the CCC, installation of steam removal pipes of continuous casting machines - 3, 4, 5;
- Repair of reinforced concrete structures, waterproofing of lime kiln shop;
- Repair of reinforced concrete structures of the mold yard, mixer No. 1, No. 2, MP-10, reconstruction of the main building of the open-hearth shop;
- Repair of reinforced concrete structures of boiler and turbine shops;
- Repair of reinforced concrete structures of the chimney h=250 m of the thermal power plant.

Residential building, Dnipro, st. M. Grushevsky, 85 - 2013 - Anti-corrosion protection of metal structures and restoration of the protective layer of concrete in a residential building.

SPECIALIZED WORK

AMONG OUR OBJECTS

PJSC «Mariupol Metallurgical Plant named after. Ilyich», Mariupol - 2004-2013:

- Work was completed to strengthen and repair the oil basement of the Cylinder-piston group;
- Work was completed to strengthen the reinforced concrete structures of the buildings of the sub-scrubber departments of the sinter plant;
- Work was completed to strengthen the reinforced concrete crane beams of the building of the smoke exhausters of the boiler house;
- Work has been carried out to strengthen and protect the load-bearing reinforced concrete structures of the CRS roof.

PJSC «Southern Mining and Processing Plant» Krivoy Rog - 2012 - Crushed ore bunker. Major repairs of load-bearing reinforced concrete and m/structures of the transfer unit of 1t/2t conveyors of workshop No. 1 of.

Residential building, Dnipro, st. Sichovykh Streltsov, 90B - 2012 - Reconstruction of a residential building (waterproofing; repair of reinforced concrete floor slabs, lintels and beams).

SPECIALIZED WORK

AMONG OUR OBJECTS

PJSC «Zaporozhye Iron Ore Plant» Zaporozhye region, Vasilyevsky district, Malaya Belozerka - 2010-2012:

- Repair of coating slabs of the integrated conveyor transport tunnel;
- Boiler room flue repair;
- Repair of the northern chimney of the boiler room;
- Water tower roof repair

Health complex «Tsunami» (Corporation «Logos»), Dnipro, st. Ivan Akinfiyeva, 18 - 2008:

- Restoring the building's load-bearing capacity;
- Injection of subsidence cracks;
- Injection of cracks in floor beams;
- Restoration and anti-corrosion protection of monolithic reinforced concrete belts.

Bridge, overpass No. 23, 24, Mariupol, (Kalchik river) - 2007 - Repair of reinforced concrete structures.

PJSC «Carlsberg Ukraine», Zaporozhye - 2006-2007 - Waterproofing and chemical protection of reinforced concrete methane reactor structures.

Residential building in Zaporozhye, st. Gastello-Nemirovich-Danchenko - 2006 - Repair and strengthening of reinforced concrete floor slabs of a residential building.

SPECIALIZED WORK

AMONG OUR OBJECTS

Boiler house Melitopol, st. Pokrovskaya, 61/1 - 2006 - Reinforcement of reinforced concrete structures and reconstruction of the roof.

Office building, Dnipro, st. Yuzhnaya, 1 - 2006:
Strengthening building envelopes;
Horizontal cut-off waterproofing (by force injection method).

Building of the TS railway station in Zaporozhye - 2006:

- Anti-corrosion protection of fittings;
- Restoration of concrete damage.
- Railway station building in Melitopol 2005
- Restoring the building's load-bearing capacity;
- Injection of subsidence cracks.

«Dneproteploset», Dnipro - 2004 - Anti-corrosion protection of metal.

Barracks of the military unit, Dnepropetrovsk region, Gvardeiskoe - 2003 - Restoration of damage to steps of reinforced concrete staircases.

Collection of drinking water from the Dnieper-Donbass canal, Dnepropetrovsk region - 2003 - Sealing of interpanel seams of “boot” slabs.

WORK ON THE DESIGN OF BUILDINGS AND CONSTRUCTION

AMONG OUR OBJECTS

Yuzhnoye Design Bureau, Dnipro - 2022 - Development of a project for the reconstruction of the production preparation building»

PJSC «KVSZ» Kremenchuk - 2021 - Development of a design for a freight car washing chamber

APG «Dneprovskaya» Zaporozhye 2020-2021:

- Development of a project for the construction of a poultry complex
- Development of a project for the construction of a refrigeration complex

LLC «Kovalivske» Sumy, st. Troitskaya, 15 - 2020 - Development of individual sections and adjustment of the project for repair and restoration work of the architectural monument "Schreiner's Mansion"

Yuzhnoye State Design Office, Dnipro - 2019 - Project development and design supervision for the installation of a foundation for a vertical turning and milling center

LLC «Indian Isaacs Solar», Melitopol - 2019 - Development of a project for the installation of metal structures for photovoltaic modules on an industrial building

WORK ON THE DESIGN OF BUILDINGS AND CONSTRUCTION AMONG OUR OBJECTS

PJSC Interpipe NTZ, Dnipro - 2013 - Design work of the industrial building TsNGS mill «140».

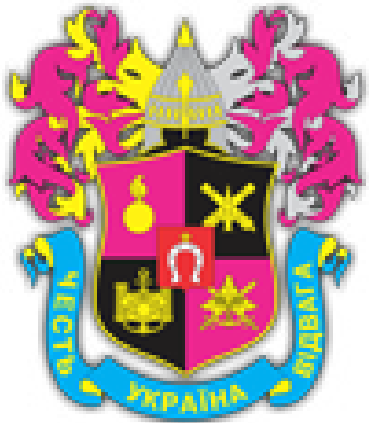

Group of companies «AIS», Zaporozhye - 2012 - Project development, repair and reconstruction of car dealership premises.

PJSC «Mariupol Metallurgical Plant named after. Ilyich» Mariupol - 2004-2010:

- Design work to strengthen and repair the oil basement of the Central Processing Plant;
- Design work to strengthen the reinforced concrete structures of the buildings of the sub-scrubber departments of the sinter plant;
- Design work to strengthen the reinforced concrete crane beams of the building of the smoke exhausters of the boiler room;
- Design work to strengthen and protect the load-bearing reinforced concrete structures of the CRS roof.
